

# IMPORTANT INFO FOR ONLINE LESSONS

*What's better than taking private music lessons? Being able to learn online from home! Below are a few tips to help you be prepared for your first lesson!*

**SPACE** – Pick a place with enough room for you to stand and do some physical stretching.

**LIGHTING** – Being able to see each other is extremely important! Make sure the front of your body is well lit. If there is a window in the room, be sure to face it and not have it behind you. We want to see your face!

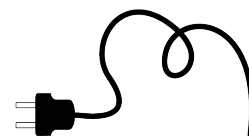

**SOUND** – Make sure you are in a quiet area where you can hear your computer / tablet / phone speakers clearly. You are welcome to use earphones if needed. If possible, use Bluetooth headphones so you are free to move around.

**MATERIALS** – Make sure you have everything you need **BEFORE** your lesson begins. This usually includes: water, kleenex, a pencil / stylus, your music, and a smile 😊

**BE ON TIME** – Online lessons leave zero 'wobble-room' when it comes to time. Plan to log onto your lesson at your **EXACT** scheduled time. If you log on late you will miss valuable learning time. If you log on early you could cut into someone else's time. Precision is key with online learning!

## HOW TO CONNECT TO YOUR LESSON

**ZOOM**- If you do not already have a Zoom account, you will need to create one at least one day prior to our first lesson. Your instructor will send you the zoom link for your meeting via email. Save that link! When it is your scheduled lesson time, simply click on the zoom link to enter the private meeting space and the lesson will begin!

**GOOGLE MEET** – If you do not already have a Gmail account or a Google Meet account, you will need to create one at least one day prior to your first lesson. A meeting link will be sent to your email prior to your scheduled lesson time.
